Greg,

Attached are two TCE Soil Gas Maps for Delfasco Forge. One of the maps is a simple site sketch (showing the roads) showing the sun bursts. The other map is the soil gas information layer over an aerial image (I would like to try and remove the blue shaded area). I am still working with both our GIS and CAD department to clean-up and finalize the figures. Please let me know if you have any questions/edits to the maps. Once we finalize the maps I will drop everything into PowerPoint for your presentation. Thanks.
